

MEGAN JOANNE HUGO

REGISTERED ENVIRONMENTAL ASSESSMENT PRACTITIONER

PROFILE

Megan is an environmental consultant and business owner with a decade of professional experience in the environmental management and regulatory compliance sector. She began her career in February 2015 following the completion of her Honours degree in Environmental Science at Rhodes University, Makhandla (formerly Grahamstown), having previously obtained a Bachelor of Science with majors in Zoology and Environmental Science from the same institution. She has completed accredited training in Environmental Impact Assessments and ISO 14001 Environmental Management Systems.

Megan joined Indwe Environmental Consulting in September 2017 and became a principal member of the business in April 2018. She is a Registered Environmental Assessment Practitioner (EAPASA Reg. No. 2019/1530) and is professionally registered with the South African Council for Natural Scientific Professions (SACNASP Reg. No. 118810). She is an active, paid-up member of the International Association for Impact Assessment (IAIA) South Africa and the Institute of Waste Management of Southern Africa (IWMSA).

As a business owner and principal consultant, Megan is responsible for the strategic management of the company, including operational oversight, financial management, business development, and client liaison. She has extensive experience across all aspects of Integrated Environmental Management, including Full Scoping and Environmental Impact Assessments, Basic Assessments, Mining Permit Applications, Environmental Auditing, Strategic Environmental Planning, Ecological Reporting, and Water Use Licence-related approvals through the Department of Water and Sanitation. She also has in-depth knowledge of permitting and compliance requirements associated with ToPS, PNCO, and NFA legislation.

Megan has served as project manager and lead report author for a wide range of developments, including large public infrastructure projects (such as regional water supply schemes, overhead powerlines, and national road upgrades), private commercial and residential developments, small- and large-scale agricultural projects, mixed-use developments, renewable energy projects, large public and private instream and off-stream storage dams, and the rehabilitation of coastal and terrestrial environments.

Her key strengths include a strong working knowledge of South African environmental legislation and policy, with particular expertise in the Eastern Cape Province. With ten years in the industry, Megan brings well-developed project, technical, and financial management expertise, supported by a practical, solutions-driven approach to environmental consulting.

CAREER EXPERIENCE

INDWE ENVIRONMENTAL CONSULTING CC

REGISTERED ENVIRONMENTAL ASSESSMENT PRACTITIONER (EAP) AND MAIN MEMBER OF INDWE ENVIRONMENTAL CONSULTING CC

Apr 2018 – Present

Indwe Environmental Consulting is a registered environmental consultancy in South Africa, providing a comprehensive range of environmental impact management services nationwide. Megan became a Main Member of the company in April 2018 and is responsible for the overall management and strategic operation of the business. Her responsibilities include operational oversight, tender preparation and submissions, financial and staff management, quality assurance, document review and approval, report authoring, and engagement with clients and regulatory authorities.

Megan is the principal and key Environmental Assessment Practitioner (EAP) of the organisation and holds overall responsibility for all Environmental Impact Assessment reporting and assessments. She oversees and supervises all projects undertaken by junior staff, providing technical guidance, mentorship, and final quality review to ensure regulatory compliance and professional standards.

INDWE ENVIRONMENTAL CONSULTING CC

SENIOR ENVIRONMENTAL ASSESSMENT PRACTITIONER (EAP)

Sep 2017 – Mar 2018

Megan was responsible for the preparation of environmental reports in accordance with applicable legislation and published guidelines, as well as conducting site investigations where required. Her role included managing public participation processes, liaising with authorities, and engaging with key stakeholders. She coordinated and managed specialist studies as necessary and contributed to business development initiatives, including tender and proposal preparation.

In addition, Megan supported the day-to-day operational activities of Indwe Environmental Consulting and fulfilled the role of Environmental Control Officer on selected projects. She also provided ad hoc support as an Environmental Site Officer on wind farm projects undertaken by the company.

TERRECO ENVIRONMENTAL CC

JUNIOR ENVIRONMENTAL ASSESSMENT PRACTITIONER (EAP)

Feb 2015 – Aug 2017

Megan was responsible for supporting and undertaking a broad range of environmental consulting functions, including the preparation of Environmental Impact Assessments, Environmental Management Plans, General Authorisation applications, and construction and operational monitoring. Her role included facilitating and coordinating public participation processes, liaising with clients and regulatory authorities, preparing quotations, and providing training and supervision to interns and newly appointed staff. Megan also fulfilled a project management role, ensuring effective coordination, compliance, and delivery across assigned projects.

ADDITIONAL TRAINING
